

Response from Advance SA

I refer to COTA Chief Executive, Jane Mussared's letter to Advance SA seeking our response to the State Election Platform Snapshot.

Advance SA are broadly supportive of COTA's position as outlined in the COTA 2018 State Election platform snapshot. In particular Advance SA agrees with supporting older Australians in their later years and recognises many of the challenges outlined in the snapshot are not unique to older Australians; by addressing these issues we assist not only older Australians but the community as a whole.

Thank you for bringing these matters to our attention.

Sincerely

Jenny Low
